\$60,000 Sales Tax Money Available For Community Use Says Supervisor Bird

Estimated \$60,000.00 which as a result of the increased sales will be collected in Lemon Grove tax starting October 1st may be returned to the community in which it is collected if a specified use is requested by a representative group.

This is what Supervisor Dave Bird told a group Sunday night at a meeting of the Lemon Grove Congregational Church's University of Life forums. The meeting was held at Friendship Hall.

The money could be used for a recreation program with or without a district for additional police protection; better library facilities or for reducing taxes in one of the present local taxing districts such as the fire or sanitation district. It is possible that the money could be put in the general fund if no request for local use were made.

Bird said. No money will be available until next year, Bird said.

Spring Valley and Brookside have already started action in their communities for the tax money's use. Spring Valley is planning for a library. Brookside wants their draining ditch covered. Byron Lindsay, La Mesa attorney, was moderator.

Paving Started On Lemon Grove Stretch of Freeway

Paving of the Lemon Grove section of the freeway will be completed by the first of the year with reasonably good weather reported Jacob Dekma, State Highways District Engineer.

Presently, pavement is being placed between Grove Street and Panorama Drive. When this is completed the section from College to Grove will be poured, the section from Panorama Drive to Grossmont will follow and finally the section from Wabash Freeway to Euclid will complete the pouring.

The final unit should be opened to traffic by next summer, Dekma stated.

Uniform Sales Tax Goes Into Effect Monday

Uniform 4% sales tax goes into effect Monday and purchasers in all county areas will begin paying an extra cent with every dollar they spend on sales-taxable items. In Lemon Grove the rate had been 3%.

Incorporated cities had been charging 1% with the city exacting its 1% separately. The state's 3% made the rate 4%.

Beginning Monday, no matter where in the county the purchase is made on taxable items, 4% will be added and all of it will be collected by the State Board of Equalization. The Board will then subvert back to the County and each city its allocation.

At a meeting of the San Diego Chapter of the League of California Cities held in La Mesa Friday, ten cities reported that they had set up contracts with the State Board to handle collections beginning October 1st. Previous-

Ernie Newton, of Lemon Grove Stationers, 3482 Main Street, said that he had a supply of 4% sales tax cards and would supply them to local business firms.

There would be no sales tax charged on the cards in that he is supplying them free, he said.

ly, business firms in incorporated cities had been making two separate returns, submitting separate checks, one for the state and one for their city.

Sydney Graham, Supervisory Investigator, State Board of Equalization in San Diego, said that 16 counties in the state were already operating under the uniform sales tax law and that possibly others than San Diego county would do likewise starting

Chamber of Commerce To Meet Tuesday

The Board of Directors of the Lemon Grove Chamber of Commerce will hold their monthly meeting on Tuesday, October 2, 1956 at 7:30 p.m., in the Homeland Justice Courtroom.

All members of the Chamber of Commerce are invited to attend.

THINGS DOIN' & BREWIN' About Civic Center

By DICK HENDERSON

The board of supervisors was shy one member at Tuesday's meeting. Chairman Dave Bird present—we didn't learn how come—and Supervisor Frank Gibson handled the gavel and mace very capably.

Hearing was scheduled at 11 on Resolution of Intention to Annex unincorporated territory to the Lemon Grove Sanitation District, as requested by the Larwood Company, approved by the boundary commission and recommended by the department of public works. No protests, written or verbal, and Supervisor Robbins moved adoption.

So San Diego will not grab that piece of real estate, and Lemon Grove School District will get its share of taxes as well as the sanitation district. Frank Armstrong please note.

The board members, also the members of the county's official family who have seats around the big table, all have new chairs, replacing the seats that have been in use for some years. The replacements are very similar in color and style, but some of the chairs are not as satisfactory as the old ones. Mrs. Kleckner, clerk of the board, who sits at the right hand of the chairman, found when she leaned back and her head hit the padded head rest, that her chair had been exchanged with Dave Bird's, but that was quickly corrected. The new chairs all squeaked a little, but Roy Justice fixed the squeaks.

Said the chairs had just come in from the factory. We didn't learn what disposition was made of the old chairs, whether they were traded in or if they were

presented to the individual board members, as is sometimes done with Congressional chairs.

FIFTEEN YOUNG LADIES TO BECOME HOSPITAL AUXILIARY MEMBERS

Fifteen members' daughters will be presented at Grossmont Hospital Auxiliary's Third Annual Harvest Ball on October 6. Instead of the sixteen originally announced, this fact was brought out at a check-up meeting held in the home of the hall's general chairman, Mrs. Vinard Francisco, by Mrs. Stanley Scott, who is in charge of the presentations. The ceremony, in which high school senior daughters of members are presented by their fathers to the auxiliary "for future community service," will be held in the Palm Room of the U.S. Grant Hotel, 7:30 p.m.

Lemon Grove 2ND In County New Construction In August Another Sub-Division Planned

Lemon Grove was second in new construction in unincorporated areas of the county in August, with new homes and buildings valued at \$337,000. Vista topped the list, with \$364,000.

Value of all building permits in all unincorporated areas of the county totaled \$3,965,900 for August—down more than one-half million dollars from the record highs in June and July, but still high enough to make August the fourth best month of the year.

So far this year, building permits with a total value of \$30,964,480 have been issued, compared with \$22,946,120 in permits during a similar eight-month period of 1955, and \$19,753,793 in 1954.

A major portion of the construction approved last month will be in private homes. Permits were issued for 328 dwellings, \$3,053,500, and 27 duplex or apartment houses, \$128,000.

Lemon Grove had 31 dwelling permits worth \$279,700 and two commercial permits with a total value of \$8,500.

Woodhugh Homes, Inc., of Los Angeles, purchased approximately 75 acres on Imperial Avenue between Encanto and Lemon Grove from Mr. and Mrs. Martin L. Ito for a reported price of \$150,000. Subdivision development is planned.

Two County Towns Will Issue County Building Permits Soon

Issuance of building, electrical and septic tank permits in county branch offices soon to be established in Escondido and El Cajon will be made available shortly.

Jean Vincenz, county public works director, said that about 60 per cent of building permits, now issued at civic center, will be handled through the two offices to be established in county branch buildings. It will cost the county about \$10,000 to staff and operate the offices.

The board of supervisors approved the measure some weeks ago. Also, approval was granted for an increase of \$1 in building, electrical and septic tank permits, to offset the added expense.

Vincenz announced that the Escondido office will open on a half-day basis in about a month. The El Cajon office will open when business demands it. He estimated that the saving to the average applicant in the areas will be \$3.68 in travel alone.

Lemon Grove inspection service will continue "as is" until any change is made in local operation.

KIWANIS CLUB HOST TO YOUNGSTERS ON KIDS DAY

Seventy three Lemon Grove youngsters were guests of the local Kiwanis Club last week when annual county-wide Kids Day was held.

The youngsters were taken on a boat around the harbor; given a ride in a speed boat; given a two hour show in the pavilion at

Ballboa Park and supplied with ice cream after each activity.

In charge of the local group were Dr. Tom Early, Byron Netzel, Sam Solleder, Clarence Allen, Robert Sutton, Arthur Thomas and Ben Schel. There were also two bus drivers for the school dis-

tributor who made the trip with the youngsters.

In the picture are Byron Netzel and Sam Solleder, grade school superintendent and assistant superintendent, respectively, who tended one of the two bus loads of kiddies.

HOOR IS GIVEN BACK Daylight Savings Time To End Sunday

San Diego County returns to standard time at 2 a.m. Sunday September 30.

At that hour, Pacific Daylight Time which has been in effect since last April 29, will end and the State will revert to Pacific Standard Time.

To comply with the official time, clocks should be turned back one hour at 2 a.m. Sunday. Of course, this doesn't have to be done at exactly that hour. Turn back the timepieces when you retire Saturday night, and when you awaken Sunday morning, you will automatically be right in step with the rest of the County.

The resumption to Standard Time will have little effect on transportation schedules. Railroads have never changed from Standard Time and, although the airlines adhered to Daylight Time, they will simply switch back to PST.

Ike's Birthday Party To Be Held In Grove

President Eisenhower's birthday will be celebrated in Lemon Grove October 13 and all citizens, regardless of party affiliation are invited.

The party will be held at Michael's Saturday October 13 at 7 p.m., and southern fried chicken, one of Ike's favorite dishes will be served. What's more, it'll be served family style. A huge birthday cake will be cut and served also.

A program of music and an address by Admiral Leslie Gehres has been scheduled.

Cost of the affair is \$250 per person and reservations may be made through Mrs. R. E. Erwin at HO 6-5323.

Since the affair is to be open to the public no formal invitations will be sent. All are invited.

The Dimmer VIEW

By MAX GOODWIN

John Budd Long has been general manager of the California Newspaper Publishers Association a great many years and is my personal friend. He is one of the most highly respected men in the newspaper industry in the nation.

Seventeen years ago he breathed life into National Newspaper Week which is marked annually in October. This year it is October 1 to 8 and this year's slogan (it is different every year) is "Your Newspaper... Freedom's Key to Better Living."

It affords me a great pleasure to relinquish my column to John Budd Long so that he might tell our readers, better than I could, the why of National Newspaper Week.

Long Explains
Why National Newspaper Week? The answer to this question which is raised every year goes back to the depths of the notorious depression of the early 30's in the United States.

During those harrowing days the free press of America was made the whipping boy of prominent men and women in high government positions.

We were dubbed "capitalistic press" with a sneering snarl of degrading connotation. These same important officials kept telling the people the nation's editors were owned and controlled by the big advertisers, and editorial policies of American newspapers were "dictated from the counting room." Public confidence and acceptance of our hometown newspapers, like the economy of the country, hit its lowest ebb.

Blue Eagle Comes
Suddenly, out of the nowhere into the here the Blue Eagle spreads its wings as the symbol of the National Recovery Act, which was quickly adopted as the cure-all of all depressions. This plan appeared suddenly, but gave ample evidence of having been worked upon over a long period of time in advance because the program was worked out to the smallest detail, including a federal government licensing provision for every business in the country down to the smallest corner store or weekly newspaper in the great plains, rugged mountain areas, seashores, or desert. Anyone could file a charge of a violation of ethics of the Blue Eagle Code and the business institution—large or tiny—thus charged would have to appear personally in Washington, D.C., to defend itself out of its meager resources against the giant prosecution machinery of the greatest government in the history of the world. As in all cases predicated upon the greatest good for the greatest number, our newspaper went along until suddenly the officers and managers of organized newspaper associations throughout the country came to the sudden realization (Continued on Page 10)

Dixon Promoted to Assistant Chief of Fire Department

Fred Dixon, five year member of the Lemon Grove Fire Department, was promoted to assistant chief this week, it was announced by Chief Harold Hensley.

Dixon has been senior captain of the department for three years. He was on the Convoir fire department prior to coming here.

Other activities of the department included extinguishing three grass fires in one day, one fire being set by children. No damage was reported.

A child started a fire which damaged a house at 2141 Ensenda Street, Monterey Heights. Damage was restricted to a trellis alongside the porch.

Members of the Lemon Grove Post VFW presented the department with a first aid kit which is being used on Engine No. 3. Past Commander Hubbard Stubbs made the presentation to Chief Hensley and Captain Alexander.

Tuesday, the San Diego County inspectors met at the local fire house. The program was under the direction of Captain Jay Carmody, who discussed the Junior Fire Chief program which was inaugurated in Lemon Grove four years ago. Fire inspector members from every district in the county attended.

A half million dollar state bond loan for building the new junior high school on Palm St. will be "virtually a grant" if voters approve acceptance of this money in a Special Authorization election to be held Tuesday October 16 according to Byron Netzel, Lemon Grove Elementary School District superintendent.

A two-thirds majority vote is necessary before the district may accept the loan and the money would be used to build the junior high school on Palm Avenue and for the purchase of an additional elementary school site.

In June of this year the state offered \$550,000 for this purpose with instructions that voters approve acceptance within three months or the money would revert to the state.

Members of the school board and executives of the school administrative staff said that the

NEW LAW WOULD REDUCE TAX RATE

Present tax rate is 50c for building purposes of which 24c is for state loan repayment and 35c for local bond repayment. This rate is a result of the school district voting local bonds after receiving the million dollar state loan in 1952.

A flaw in the law permitted the tax rate to pyramid beyond the 40c limit. The Hegland Bill 328 introduced in 1955 Legislature was an attempt to correct this pyramiding. Hegland is now collecting support for another attempt in the 1956 Legislature which may be successful. If so, the 50c rate would be reduced to 40c.

present tax rate would not be increased if the loan is accepted because 40c has been established by state law as the future maximum rate.

A loan of one million dollars for school site acquisition and construction already exists. If the rate of repayment on this prior loan ever drops beneath 40c, the difference between that rate and 40c would be charged, bringing the rate back to 40c.

School loans cancel after 30 years, Netzel said, so it is improbable that the new loan would ever be reflected on the local tax bill.

The school board voted unanimously to call the election.

Bert Betts, Certified Public Accountant, school board member said that he saw no way in which local residents would ever repay any of the new loan.

Chan Mason, board president, said that this is fruit of legislation designed to aid rapidly growing districts.

Frank Armstrong, also a board member, said that the loan would not reflect in the tax rate and for all intents and purposes he regards the loan as a grant.

Ben Schei Heads Red Feather Door-to-Door Campaign

Ben Schei, principal of San Miguel elementary school has been named geographic chairman for Lemon Grove's United Success Drive. There are 12 such leaders in San Diego County for the biggest Red Feather campaign. Of the 12 leaders ten are women.

Geographic campaigners will attend a TV training program, to be telecast by Channels 10 and 8 at 10 a.m. Monday, at the home of their respective zone chairmen.

This will signal the kick-off of the doorbell ringing campaign in all residences and among business firms having less than five employees.

John D. Thompson, Jr., chairman of the drive, urged the women to make their calls early, to tell the Red Feather story effectively, ask everyone to give their fair share, and then call back wherever necessary.

"By doing your job faithfully," he told the campaigners, "you

Porter - Goodwin To Address Grove Jr. Chamber

The next regular dinner meeting of the Lemon Grove Junior Chamber of Commerce will be held at the Dinner Bell Cafe, 8125 Broadway at 7:00 P.M. Tuesday October 2nd.

A special program has been prepared by Roscoe Porter who will narrate historical slides of this area from 1870 to date.

Max Goodwin, Editor of the Lemon Grove Review will close the program with a talk regarding "The Lemon Grove of Today and Tomorrow."

All young men under 35 years of age, interested in community betterment are cordially invited. Please call Chuck Johnson at HO 6303 for reservations.

Lucky Golden Avenue First Graders Have Vienna Educated Teacher

By DICK HENDERSON

When Chan Mason, one of Lemon Grove's school trustees, told me to get a story about the newest teacher in the local school system, "She is from Austria, a graduate of Vienna University, and a charming girl," Chan said, I visioned a radiant young woman, vibrant and handsome, and single. Most of my visions came true when I met the young lady in her schoolroom at Golden Avenue School. When I asked at the school office for the new teacher from Austria, the lady told me "You mean Mrs. Hanning, and you can see her now" and I was conducted to Mrs. Hanning's room.

The shock that hit me hardest was the Mrs. for while my experience with new teachers has been somewhat limited of late years, the "new teachers" have been unmarried. Down at Blythe, on the Colorado River, the annual search for teachers and their arrival in a group, coming from Los Angeles on the Santa Fe, was heralded with a receptional breakfast, put on by the PTA ladies, with everybody invited to meet and make welcome the ladies responsible during school hours for teaching the youngsters for the ensuing year. Included among the welcoming party were usually several young and well-to-do ranchers, with ideas. Two or three weddings a year served to keep up the demand for new teachers each school term. This experience occurred to me some 30 years ago.

I was introduced to Mrs. Hanning, received very courteously, and took a small chair at a low table, used by the youngsters in school time.

Russians Take Wealth

Mrs. Hanning, in response to questions, told me about herself. She is the daughter of a formerly wealthy and prominent family in Vienna, whose fortune was confiscated by the Russians. The family home was destroyed by the Russian attack, when Vienna was shelled for a week, and almost totally destroyed. This was in April, 1945. The Russians seized and hauled away all windows, doors and everything portable from the wrecked buildings, besides all machinery in factories. The city is slowly being rebuilt, but it will never again be the beautiful city of "before the war."

Ilse Lubenik—Mrs. Hanning's maiden name—finished her education at University of Vienna, got her B.A. degree. She majored in English and taught for a year in London, teaching all subjects. Incidentally, she started to learn English in the fourth grade. Austria's schools now believe in starting the youngsters to learn English in the first grade.

After her year's teaching in London, Ilse—pronounced Ilsa—spent six months in Switzerland, still studying. In 1950 she applied for and received a scholarship—special—to any university in U. S., and she chose the University at Vermillion, South Dakota.

The day she arrived at Vermillion, Ilse met the man she was to marry three years later.

Her husband, Keith Hanning, taught one year in high school, two years in elementary in San Diego, is now employed in San Diego.

Mrs. Hanning, after two years' summer school at State, received her California teaching credentials, and says she is proud to say that she became a citizen of the United States on the same day.

The Hannings have been living on Fairway Drive, Brookside, for three years. I sensed a suspicion of tears in Ilse's eyes when she spoke of having all her ambitions fulfilled and all her hard work rewarded. It is difficult for an American to realize all the hardships undergone by Austrians during and since the war. I think the little first graders in Golden Avenue School are mighty lucky, and I congratulate Chan Mason and his fellow trustees on their acquisition of such a fine young woman to their teaching staff.

Friends Church to Build Parsonage

A building committee of the Friends Community Church was appointed at last Thursday night's business meeting to plan for the construction of a parsonage. Those on the committee are Kenneth Kunkel, chairman, Frank Thomas, Al Peters, Susan Geer and Murray Tenney.

The new building, which will have two bedrooms and a study, will be located directly in front of the present Bronner home. No date for the ground breaking has been set as the committee has not had its first meeting.

Junior High School Cafeteria Serves 3000 Meals Weekly

By Mrs. Frank Armstrong

Publicity Chairman, Golden Avenue P.T.A.

Food is our most important physical requirement and who knows that better than the growing school child? It was for this reason that a small band of Parent-Teacher mothers started their campaign for hot lunches for the school children. After many years of arduous work, this was finally accomplished in 1912.

The Lemon Grove School District was established in 1893 and had an average daily attendance of 12 students progressing to 18 the following year. One school building and one teacher handled the enrollment. The parents of these children all assisted in a great many ways—even to serving on the school board then. It is safe to assume in 1912 that hot lunches in Lemon Grove probably were served in the manner illustrated above, consisting of hot soup to add to the sack lunch. It is doubtful that Mrs. Evelyn Lauritzen or Mrs. Frank Armstrong were around at that time serving Patsy and Susan Armstrong and Brenda Holmberg but it serves to illustrate progress.

The predecessor of Golden Avenue Parent-Teacher Association, Lemon Grove Parent-Teacher Association established the first cafeteria in Lemon Grove in 1928 and served approximately 150 pupils in the one school operation. The Parent-Teacher members requested permission of the School Board to house the cafeteria in one of the unused buildings on the school grounds which was granted. The Parent-Teacher group had to determine what necessary equipment was needed and obtain some one to be in charge of the program. This group of mothers was anxious to have the cafeteria so the children attending school would not have to eat at the "Orange Blossom". The Board paid the necessary expenses involved and the project was on its way.

During the trial and error period many problems arose involving time, money and equipment. The School Board at that time was not very cooperative with the Parent-Teacher organization. When repairs were needed the Board told the Parent-Teacher group to determine what was needed and have it done sending the bill to the Board for payment. When additional equipment was needed they were told to take the matter up with a carpenter and to explain to him what should be done. The same answer was given when more dishes and utensils were needed. A monthly financial report was given to the Board by the Parent-Teacher group. It was during this time that the Parent-Teacher group asked for a telephone to be installed in the school but the Board doubted the necessity of such an expense as there were two phones within two blocks and the doctor's office was only one block away. The Board minutes reveal that it was decided to install a telephone the following month — if P.T.A. felt it was a necessity.

After the cafeteria had been in operation for one and a half years, the Parent-Teacher group asked the School Board for the second time to employ an operator to run the cafeteria. The Board had declined originally and did not consider it on the second request; however, when it became evident that the building would have to be re-roofed and more equipment would be needed, it was obvious that the Parent-Teacher organization was financially unable to run the cafeteria. And so, after demanding and studying the financial statements on the cafeteria for several months, in June, 1931, the Board accepted the cafeteria as part of the school program and employed a full-time supervisor at \$3.00 per day. "As a matter of record," states the School Board notes of September 11, 1931, "the expense incurred in changing the cafeteria over was approximately \$50.00; the steam table costing \$40.00 and incidentals ap. \$10.00." This "changing over" process from Parent-Teacher care to School Board responsibility took place over a three-year period. However, the Parent-Teacher

organization still assisted whenever they could by holding a supper which netted \$30.00 for the cafeteria, obtaining money from the county for needy children's lunches, making curtains for the building, canning ninety quarts of tomatoes for cafeteria use and establishing a welfare fund of \$10.00 for children who lose their cafeteria money. In 1946, all Parent-Teacher Associations backed the National School Lunch Act which was passed by Congress and provided the subsidy program which is still in force today. The subsidy program is in fact financed by the Department of Education and Department of Agriculture.

Golden Avenue School was erected in 1945 and has shared the Junior High Cafeteria until this year. While Golden Avenue will not have a separate cafeteria building, the same hot lunch will be served to the 1st, 2nd and 3rd grades in their rooms and the 4th and 5th grades will still go to the Junior High School for their lunches. In 1948, Vista La Mesa School was built and had their cafeteria added the following year. Monterey Heights was built next and had a cafeteria added to it the next year. San Miguel was built in 1951 and a year later the cafeteria was added to that school. Perhaps an explanation would be in order regarding the cafeterias. The cafeteria is called a cafeteria as this indicates a multi-purpose room. Since Lemon Grove School District receives state aid in the building program, all buildings must be built according to state requirements which include the stipulation that a multi-purpose building may be built for use as an auditorium and cafeteria. In other words, an auditorium may not be built for that purpose alone. The Junior High School Cafeteria together with new classrooms was dedicated March 14, 1954, and receives constant use as a cafeteria, auditorium and public meeting place.

Mrs. Ruth Pfister is Cafeteria Supervisor of the entire School District. She has a staff of twenty-two people who are well versed in nutritional values. Their responsibilities include the buying, preparing, and serving of attractive low cost meals. Much of our food is obtained through government subsidy sources which helps in keeping the cost of the lunch down. In contrast to the beginning cafeteria service by the Parent-Teacher members of 150 pupils at a personnel cost of \$3.00 per day, Mrs. Pfister's program for the five schools amounts to approximately \$480.00 per day serving at least 1500 pupils who pay only 25c for their lunch which is valued at 40c.

The Parent-Teacher Association has stood for everything that will benefit the child and Lemon Grove has seen to it that the children here have the best in schools, cafeterias, programs, teachers, and interested parents have supported their P.T.A.s in this determination.

In 1893 this was the Lemon Grove School District. The one room building stood at the corner of Main and Central. Average daily attendance was 12 and no food was served.

In 1943 there was only one school in Lemon Grove and the cafeteria idea had become popular, and full hot meals were then available. School at that time was the present Junior high school location.

Booster Club At St. John of the Cross To Sponsor Card Party

To help provide a complete ath-
letic program for the boys and
girls of St. John of the Cross
School, an Athletic Booster Club
is being formed.

The Club will sponsor a card
party Friday evening, September
28, at 8 P.M. in the Parish Hall
with all proceeds given to the
athletic fund. One hundred dol-
lars is needed to cover the entry
fee for all sports, and the re-
mainder will be used to supply
necessary athletic equipment.

Tickets are \$1.00 and purchaser
becomes a member of the Boost-
er Club. A delicious dessert will
be served, table prizes given, and
numbers on the tickets entitle
the lucky holders to several door
prizes. Bring your friends and
play your favorite game of
bridge, pinocle, canasta, or crib-
bage.

Hospital Directors' Slate Drops to Seven as One Candidate Withdraws

Robert Dryden of Fletcher
Hills has withdrawn his name
from the ballot as candidate for
a seat on the board of trustees
of the Grossmont Hospital Dis-
trict.

Dryden said that it would not
be legal for him to serve on the
board while employed at Bank
of America since the latter was
one of the main depositories of
the hospital district.

His withdrawal leaves a slate
of seven. Two of the remaining
men are local. One is Dr. Gilbert
Chassy, M.D., and Frank Foster,
a Brookside insurance man.

Fourth, fifth and sixth grades
and of the seventh and eighth
grades will be entered in foot-
ball, basketball, baseball and
track competition. A girl's league
is being formed and teams will
be entered for their sports.

Law Recited for Passing School Buses

SACRAMENTO (Spcl.)—School
bus safety is the responsibility
of every motorist, says the Cali-
fornia Highway Patrol.

The law requires motorists to
stop and not pass a standing
school bus when the two red
lights on top of the bus are flash-
ing. Although it is not necessary
to stop before passing a stopped
school bus when no red lights are
flashing, it is prudent to be pre-
pared for any unexpected move
by the children getting on or off
the bus, the patrol said.

School bus drivers are permit-
ted to use the flashing red light
only when children must cross
the highway. With school start-
ing, all of us should be mindful

of the school bus law and help
keep our children alive. Always
expect the unexpected of school
children, the patrol points out.

Agricultural Zones Approved By Supervisors

The board of supervisors has
approved a new series of county
agricultural zones and the relaxa-
tion of rear yard requirements
for houses in residential zones in
unincorporated areas.

The approval was given in an
amendment to the county zoning
ordinance. Prior approval was
voted after hearings by the plan-
ning commission.

The new agricultural of "A"
zone permits four classifications
of farming operations, ranging
from light to heavy farming. Pre-
viously, agricultural zones were
grouped under estate classifica-
tions.

NOTE TO PHEASANT HUNTERS

Chukar partridge will be legal targets from November 17 through December 31 in San Diego and other counties which were open in 1955. Bag and possession limit remains at four birds per day, four in possession.

Better get a copy of "Digest of Hunting Regulations, 1956," put out for free by Department of Fish and Game, State of California, at any sporting goods store. More than 23 pages in a pamphlet of information of value to hunters.—D. H.

Yellow for Safety Becoming Popular With Hunters

Reports seem to indicate that California hunters are taking the advice of vision and safety specialists and are wearing yellow rather than red while deer hunting this season, according to Dr. Calvin Nicholl, vice president of S. D. County Optometric Society. The change from the traditional red to yellow in hunting wearing apparel seems well underway. Many game wardens report that the coastal brush country has a new color scheme. Added to the greens and browns are spots of yellow from hats and shirts worn by hunters who want to be seen, but not hit. Sports shop owners also affirm that there has been a great demand for the new safety color.

Field tests conducted at Ford Ord in June on Army personnel by the National Rifle Assn., the State Dept. of Fish and Game and the California Optometric Association, verified the theory that under almost all conditions, yellow was easily seen while red could sometimes be spotted only by movement. These findings applied both to those with normal color perception and to the so-called "color blind."

Further field tests on the joint color vision project for greater hunting safety are planned by the NRA, COA and Dept. of Fish and Game for the High Sierras near Lake Tahoe, and in the rain forests of California's northern coastal region. Aim of the project is to test the protective value of various colors under actual field conditions and in different types of terrain.

Parakeet Breeding Lecture in Balboa Park

Budgie fanciers and breeders will have an opportunity to hear and see 30 years of first-hand experience with experimental parakeet breeding summed up in an illustrated lecture when Mrs. Vera Illingworth of South Shields, England, appears at the House of Hospitality in Balboa Park Sunday.

Mrs. Illingworth and her husband are internationally known for their work in developing new color variations of budgies, and in improving existing varieties.

The lecture entitled "The Complete History of the Budgerigar in Color," will be illustrated by color slides showing the many colorful mutations which have appeared in parakeets since 1840, when the first wild budgie, a light green, was imported from Australia to England.

Slides depicting more than 60 of the known colors of budgies

will be shown. Some of the new colors, including the famous white budgies sent to the Prince of Japan some years ago, were first developed in the Illingworth aviaries at South Shields, England. The Illingworths use more than 300 pairs of parakeets in breeding experiments annually.

This lecture is of special interest to hobbyists who raise and show budgies, but will also be of interest to pet budgie owners who would like to know more about the background of their

pets. Mrs. Illingworth's appearance, sponsored locally by budgie fanciers of San Diego, will be of a nationwide lecture tour is making, following her appearance as a featured speaker International Budgerigar congress recently held in Chfield, Indiana, and is under auspices of All-Pets Magazine, Fond du Lac, Wisconsin. Budgie beaks were re-counted in the United States they now total 14,400,000.

Indian' Roundup Starts Tonight

The San Diego County YMCA is launching its Father and Son "Y" Indian Guide program in all Lemon Grove Elementary Schools tonight (Thursday) at 7:30.

The "Y" Indian Guide program is a national movement which starts with boys in the first grade and may continue through junior high school.

The program centers around Indian lore, the meetings are held twice a month and they rotate from home to home. Each group is known as a "tribe" and membership is limited to not more than nine dads and their sons.

The key to the whole program is the fact that the boy cannot attend meetings or activities of the tribe without his father.

Tribes from the Lemon Grove area will meet with dads at Monterey Heights, San Miguel, Vista La Mesa and Golden Avenue elementary schools tonight to get new "tribes" started. All tribes in the Lemon Grove-Spring Valley area will then be organized into a nation of tribes for joint programming.

Dads who cannot attend tonight's meeting should contact the YMCA office, HI 4-3592 between 2:30 and 5:30 weekdays to see when the tribe in your school meets and to see if there are openings.

New Christian Endeavor Societies Formed

Plans for more youth activities are materializing in the SV Friends' Community Church at Kenwood and Bancroft. A few years ago only a small group of children attended the one evening service. Now there are three Christian Endeavors to accommodate different age groups.

Fifth and sixth graders are welcome in the recently organized Junior CE, sponsored by the R. J. Taylors and the Jim Rays. The eighth and ninth graders are active under Lily Kunkel, while a new high school group meets with Everett Lucas as leader. These groups have outdoor parties, skating, rallies, sing-sprays and various other activities once a month, besides the one hour at church on Sundays.

Celia Taylor and Kenneth Kunkel Jr. were representatives from Spring Valley at Carlsbad last week for the Christian Endeavor convention.

The youth of the Valley are urged to join one of these organizations to grow as the Child Jesus "in wisdom, in stature and in favor with God and man." Luke 2-52.

More Newcomers Welcomed to Area

Well, my goodness, here's another family, former residents of La Mesa, who have succumbed to the wiles of Lemon Grove's climate and vistas and left the "Jewel City of the Hills"—that's the fancy name for La Mesa.

Mr. and Mrs. Clinton Christensen have purchased the new home at 2511 Mulder Street, Lemon Grove, former address, 7102 Purdue Street, La Mesa. Mr. Christensen is a certified public accountant, has two cars, a '49 Plymouth and a '49 Chevrolet, no children, phone applied for. Mrs. Christensen subscribed for the Spring Valley BULLETIN.

Mr. and Mrs. Arthur Silva of 10329 Ramona, Spring Valley, with four children, a girl of 16 and three boys, 11, 9, and 8 respectively, have renewed their subscription to the BULLETIN and have applied for a phone.

Mr. Silva is employed at a phone island, drives a '49 Chevrolet.

Mr. and Mrs. Larry Farrell, newlyweds, 3554 West Street, Lemon Grove, former address 2122 Main Street, have applied for a phone and decided to continue to enjoy "the Best Climate on Earth." Mr. Farrell is an assembler at Calif. Aircraft. He drives a '51 Chevy, reads THE REVIEW every week, and likes

Helix Faculty Wives Enjoy Sunday Tea

Helix High School faculty wives entertained at tea Sunday afternoon in honor of the new teachers on the Helix faculty in the home of Mr. and Mrs. Melvin Grant at 8565 Gateside Road in La Mesa. Using Highlander colors of green and silver as a decorative theme, hostesses set tea tables in dining room and patio with Mrs. Grant, Mrs. Zandra Fitch, Mrs. Clara Brown, Mrs. Lewis F. Make More Miracles Happen!

Pledge MORE through

UNITED SUCCESS DRIVE

THE Community Cause!

This is an age of miracles in our area. The population growth has been phenomenal. These thousands of people mean problems, problems which have to be solved, or better still prevented, if we are to continue to grow and prosper as a happy, healthy community. To meet these problems it takes the miracle of the whole community joining together to work and give. Miracles don't just happen, whether it be the growth of our area or a child restored to health, the miracle is the result of planning and hard work.

We here in the Heartland area are working to raise \$47,000 our quota of the \$2,306,000 needed to support 90 health and welfare services throughout the county. If we all join together each doing his fair share of the work and giving his fair share of the money the job can be done. We can make these miracles happen.

Color phones will dress up your home

When you're dressing up, color's important. You want your shoes, hat, dress or suit to complement perfectly. When you're dressing up your home, color's important, too. That's why additional phones in color fit right in. They come in eight exciting shades—red, yellow, green, blue, brown, beige, gray and ivory—as well as "two-tone" combinations. The cost? Only \$1.00 a month for each additional phone after a single installation charge. Why not call us right now and ask about adding phones in color?

Out-of-town friends and relatives will want to know your number

If you move to a new address or, for any reason, get a new telephone number, here's a thought for you. When you're in touch with friends and relatives who live in another town, be sure they have your new telephone number. That way, they'll be able to call you quickly and easily. You see, out-of-town telephone calls actually go through twice as fast when you call by number. It's an easy way to help yourself to better service. Pacific Telephone.

Plans for Operation Set At Membership Luncheon Meeting

The week of October 7th thru 13th has been set aside for all Parent-Teacher Associations to renew old memberships, and add new members to their rosters.

Tuesday members of the Membership Committee of the San Miguel P.T.A. met at noon in the Central Avenue home of the committee chairman, Mrs. H. L. Henley.

Combining the pleasure of luncheon, and the business of making plans for this forthcoming membership drive were the following members: Mr. Ben Schel, Principal; Mrs. Elizabeth Bunch, President; Mrs. W. B. Bickerton, Jr., Hospitality Chairman; Mrs. Edward Klimek, Rm. Representative Chairman; Mrs. J. E. Englestad, Program Chairman; Mrs. Theron Scott, Ways and Means Chairman; Mrs. H. E. Prendergrass, Parliamentarian; and Mrs. J. H. Jensen, Publicity Chairman.

The week before John Gregory, auditor of San Miguel P.T.A. held a meeting of the Budget and Finance Committee in the cafeteria.

The business on hand was to set-up the proposed budget for the school year 1956-57. Members present were Mr. Ben Schel, Principal; Mrs. Elizabeth Bunch, president; Mrs. H. D. Pendergrass, parliamentarian; Mrs. W. B. Bickerton, Jr., hospitality chairman, replacing Mrs. E. F. Schroeder, treasurer; and Mrs. Theron Scott, ways and means chairman. The proposed budget will be presented to the Association for adoption at the next association meeting Thursday evening, October 11, 1956.

Papagni Home From Hospital

Tom Papagni, operator of Teepee Paint and Hardware, has been brought home from the Navy Hospital where he was taken three weeks ago.

He will be confined to home for a while, his wife said.

THIS IS WHERE TOMORROW STARTS

A new "inner car" gives you a NEW KIND of FORD for 1957! **Coming October 3rd.**

On Wednesday, October 3rd, Ford Dealers throughout the United States will unveil a new kind of automobile!

Cars are involved in every American's life. News of a new kind of car is the biggest kind of news to millions of Americans.

The Big New Kind of Ford is that kind of news . . . a car totally new in design from crest to trunk lock.

This completely new automotive package will sell at the traditionally low Ford prices.

This makes possible a new high standard of such honest-to-goodness value that it actually increases the purchasing power of your automobile dollar.

When you see it, other cars will look out of date, because . . .

This is Where Tomorrow Starts . . . with a Big New Kind of Ford!

The New Kind of Ford is the fullest, most eloquent expression of Ford's special personality—the youthful grace, the whiplash action—and the reputation for durability known wherever there's a road.

To all this we have added true elegance—a kind of elegance never before seen in the low price field. To make a car truly elegant, you must start deep-down inside.

The New Inner Ford

The Inner Ford—the car you cannot see—is a very remarkable structure. Its frame is actually a cradle. Side members extend almost the full body width; they serve not only as supporting members but as concealed side bumpers of immense strength.

The New Ford Body

The new Ford body is a triumph of engineering in steel. The doors close with the solid finality of a bank vault. Even the door lock button has been moved up front—easier for you to reach, but out of the children's reach.

All these features were engineered to give you a solid new kind of comfort.

The New Ford Ride

The New Kind of Ford sits six people as no other low priced car has ever sat them

—six elbows wide in each seat, with deep space around each one of six knees. And above all that space, there's hat room to spare for all six passengers.

The 1957 Ford rides low, solid, with a firm, deep road-holding feel. Yet it's a light-hearted, flight-hearted ride—this car is responsive, nimble, agile, with a proud easy movement.

The New Ford Choice

Ford offers not only one, but two sizes of cars . . . each on its own extended wheelbase . . . each with its own body shell . . . each with its own styling.

First, the two Fairlane Series on a 118-inch wheelbase. The Fairlane 500's come in 5 body types, a four-door sedan, a two-door sedan, a two- and four-door Victoria with no center pillars, and a convertible coupe. The same body types (except for the convertible) are available in the Fairlane Series.

Second, two Custom Series mounted on the 116-inch wheelbase chassis. In the Custom 300 Series, a four-door and a two-door sedan are distinguished from the Custom models by more luxurious interior.

riors and elaborate trim. The Custom Series also includes a Business Sedan.

Beyond all these, you also have your choice of five Station Wagons—the famous glamour cruisers that are the champions in this field!

The New Ford Look

That low, low cradle-span frame means a low, low car. The Fairlane 500 is only four feet eight inches from road to roof! The Custom is just over four feet nine inches!

The new Ford is not only low—but long. Ford gives you more than 17 feet of elegant length in the Fairlane Series, a shade less in the Custom. It's a nice kind of fun just to look at it. It's high priced in every way except price.

The New Ford Performance

You can have up to 245 wonderful Thunderbird horsepower in any Ford model. There's a moderate—and really moderate—extra charge for this engine of 312 cubic inches with its 4-barrel carburetor.

For "Six" lovers, we've got the 144hp Mileage Maker Six. Whether you choose Six or V-8, the going is great!

Here is where your own tomorrow starts

It starts at your Ford Dealer's showroom! The cars will be there on Wednesday, October 3.

These are the best Fords of our lives. They are the first symbols out of Detroit of the new automotive age that is beginning for you.

This is where tomorrow starts—at your Ford Dealer's.

This is when your tomorrow starts—October 3rd.

Come in and see us for the Big New Kind of Ford!

NOTICE TO CONTRACTORS INVITING BIDS

NOTICE IS HEREBY GIVEN that the LEMON GROVE School District of San Diego County, California, acting by and through its Governing Board, hereinafter referred to as the District, will receive up to, but not later than eight o'clock p.m. of the 8th day of October, 1956, sealed bids for the award of a contract for construction of a Service Center at 8025 Lincoln St. Lemon Grove, California.

Such bids shall be received in the office of the Superintendent of said District at: 8025 Lincoln St., Lemon Grove, Calif. and shall be opened and publicly read aloud at the above stated time and place.

Each bid must conform and be responsive to this invitation, the Information for Bidders, the Specifications, the Plans, and all the other documents comprising the pertinent Contract Documents. Copies of the Contract Documents are now on file and may be obtained in the office of Clyde Hufbauer, Architect, of said board at 1975 Fifth Avenue, San Diego 1, California.

Each bid shall be accompanied by a certified or cashier's check payable to the District, or a satisfactory bid bond in favor of the District executed by the bidder as principal and a satisfactory surety company as surety, in an amount not less than 5% of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the bidder shall execute the contract if it be awarded to him in conformity with the Contract Documents, and shall provide the surety bond or bonds as specified therein within five (5) days after notification of the award of the contract to the bidder.

The District reserves the right to reject any or all bids or to waive any irregularities or informalities in any bids or in the bidding. Preference will be made in the award for California made supplies, pursuant to Sections 4330 to 4334, inclusive, Government Code.

The District has determined the prevailing rate of per diem wages in the locality in which this work is to be performed for each craft or type of workman needed to execute the contract, which will be awarded to the successful bidder, to be as follows:

Trade or Occupation	Hourly Wage Rate	Per Diem Wage

Carpenter Foreman shall receive not less than \$0.25 per hour more than Journeyman.

Electrical Foreman shall receive not less than \$0.25 per hour more than Journeyman.

Cement Mason, Iron Worker, Laborer, Operating Engineer & Truck Driver Foreman shall be paid not less than \$0.25 per hour more than the hourly rate of the highest classification over which he may have supervision.

The foregoing schedule of per diem wages is based upon a working day of eight (8) hours. The rate for legal holiday and overtime work shall be at time and one-half. The hourly wage rate prescribed hereinabove is the per diem rate divided by the aforementioned number of hours constituting a working day.

It shall be mandatory upon the Contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen, and mechanics employed by them in the execution of the contract.

Attention is called to the fact that a list of proposed subcontractors must be submitted with the bid.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.

KIDS, CLOWN, ANIMALS ALL HAVE FUN AT TOYLAND OPENING

Jimmy and Mary Ann Martin, age 4 and 2, respectively, are engrossed in the antics of diminutive clown Ruth Delfino, one of the several attractions at the opening of Lemon Grove Toyland recently. Youngsters and adults turned out in large numbers to receive gifts, earn a chance to win major prizes, see a talking mynah bird, a gabby parrot and a deodorized skunk, and naturally, to handle thousands of toy items and to privately make up their minds what was in store for them come Christmas.

Grove Couple Plans Girl has Boy

A boy, named James Richard, was born to D. E. Brown and his wife, Wilma, September 19th at Hillside Hospital.

The new one weighed 7 pounds, 9 ounces and came as a surprise to the father because he had told everyone privately that this child was to be a girl. The couple has another boy, David, 13 months.

Brown said he still has hopes for a daughter. "At a much later date," said his wife.

FIRST PARENT PARTICIPATION NURSERY SCHOOL LAB STARTED AT GROSSMONT

"Parents and children go to school."

A parent participation nursery school is the laboratory for the Grossmont Adult School's course in Child Growth and Development.

This is the first course of its kind in the San Diego County school system, although the city of San Diego has six, and the city of Seattle, Washington has 80 such groups.

Parents taking the current course range from the quite young to the very experienced, and have in common a serious interest in their children as growing individuals. Mothers attend a minimum of one morning session a week and the weekly lecture-discussion.

The nursery school is held at the El Cajon Presbyterian Church three mornings a week and the lecture class at Helix Hi on Monday evening in Room 21. Both parents are invited to attend.

The group is under the direction of Mrs. Margery Baumgartner, who has had graduate training in nursery education and has taught in parent cooperative nursery schools since 1942. For further information call Mrs. McKee, HO 9-0285.

Dimmer View (Continued)

tion that the Blue Eagle was a licensing scheme by which to control the press of the country, and the war was on! Ultimately the Blue Eagle and its codes were declared unconstitutional by the United States Supreme Court, but in the meantime several state newspaper associations in California, Pennsylvania, and Oklahoma, had started illuminating campaigns in their separate jurisdictions to convince the people that their faith in their hometown newspaper as guardian of their freedom, fighters for their right to know, and their key to better living, were still worthy of their respect and acceptance.

These were so successful that 17 years ago I made the motion at an annual convention of Newspaper Association Managers, Inc., which established as their responsibility an annual observance of National Newspaper Week during the first week of October.

\$3 Millions Daily

The success of this endeavor is best exemplified by the fact that 56 million people spend \$3,189,000 daily in nickels and dimes for their daily newspapers, and 18 million grass roots Americans subscribe annually to their hometown weeklies. This is the highest net paid circulation of American newspapers in history, and all in spite of new competitive media in the field of mass communication.

That is the "why" of National Newspaper Week.

Idaho Hunting Season Attracts Local Nimrods

Harmon Russell, the plumbing supplies shop operator is off to Idaho again for more hunting. He'll be gone two weeks or more and proposes to bring back the carcass of an elk, bear and/or deer.

Also off to Idaho is Bill Dean, the sometimes barber. Dean will be gone an indeterminate period. He said he would pack in one day. Both men have made successful hunting trips in Idaho in the past years.

THANKFUL FOR HURRY

Oklahoma City, Okla. — Ralph K. Steeds was glad he ate his lunch quickly that day. Fifteen minutes after he had eaten, the right front wheel of a large truck flew into his kitchen and bounced around the room.

The 1957 Heart Fund Drive will be under the leadership of Claire W. Burgener, San Diego city councilman and former vice mayor, Henry F. Hansen, president of the San Diego Heart Association, announced this week. The 1957 Heart Fund goal is for \$110,000.

Burgener announced he will recruit leadership from San Diego and all county communities to assist him in directing the month-long campaign, which starts next February 1.

Special Program Planned For Baptist Church

Special promotional services will be conducted in the First Baptist Church of Lemon Grove this Sunday. The boys and girls will be going into their next highest department.

Many additional classes will be started. The men of the church have been working on the Educational building this week making rooms for this expansion program. Sunday evening during the worship service a commencement exercise will be conducted for the boys and girls of the Training Union who will be promoted.
